Job in jeopardy?

Treasurer, councilman claim charter violated again

By STEVE O'LEARY
ANP Staff Writer

"Whatever accusations Lewkowicz and Raspberry have made are entirely false, and I resent their implications. I had nothing to do with this situation."

— Mayor Beverly McAnally

been no love lost between himself and McAnally.

"It's the same old thing, only with different characters involved."

According to one source at city hall, they had heard "that McAnally was behind this whole thing, because she obviously dislikes John, and if she can get someone in there against his wishes, someone to keep her abreast of what's going on, she'll do it. The poor girl (Warden) seems to be the victim."

McAnally strongly contends that "whatever accusations he (Lewkowicz) and Raspberry have made are entirely false, and I resent their implications."

"I had nothing to do with this whole situation, and, to be honest about it, everyone here, including myself, was trying to help Kim keep the job, no matter what John says. I'm the one who sent her to him in the first place, and I know she's a very bright, capable girl," McAnally said.

According to Lewkowicz, he has been very happy with the performance of the cashier, and disagreed when "the personnel department demanded the job be posted again, saying that the first time it was for 'temporary help,' but what it

was, was for full-time, with a probationary period."

"They, along with the union head here, demanded it be posted again, and it was, but the funny thing is, no one qualified and belonging to the union even applied."

Marilyn Radford, Romulus personnel director, says that Lewkowicz "removed the posting from the board many times, and we'd put it up again."

"All letters of interest for posted positions are supposed to go through my department," said Radford, adding that "the union may be filing an unfair labor practice lawsuit against the treasurer."

Radford claims that although Lewkowicz "has officially given the position to Kim Warden," it must be posted again in 90 days. "It's still a temporary position," said Radford.

"Marilyn Radford, the personnel director, simply does not know correct union procedures," said Lewkowicz. "I imagine she may have been directed to do this by the mayor, to get someone there she had control over, just like with the police department."

"She (Warden) was even denied her pay for the holiday just past. They refused to pay her. It's ridiculous," added Lewkowicz. Radford says that "none of our temporary employees accrue any benefits other than workman's comp."

According to Lewkowicz, this situation is similar to one that happened in Romulus in 1978, when "the state demanded the person be paid in full."

When asked if Warden was a union employee, Lewkowicz re-

The Romulus Arts and Crafts Fair was labled a success by Arts Council President Sharon Henry, who hopes to make it an annual event. Despite a chill in the air, entertainment was a big draw, including the Golden Pom-poms, (above) with 4-year-old Rachel Kuhrt in the lead.

Changes to hurt pension plan?

By STEVE O'LEARY
ANP Staff Writer

According to Romulus Treasurer John B. Lewkowicz, the Romulus employee pension plan may be in trouble, resulting from two decisions.

The first, which Lewkowicz alleges was made by former mayor William Oakley, allowed for an early retirement for the police department, at age 55.

The second, made by present mayor Beverly McAnally, reportedly allows for a "25-and-out" clause for all city employees.

McAnally, along with councilman Pete Bergeron, contend that these actions will not affect the pension fund, Bergeron telling Lewkowicz that "it will be the same. People will get out of it exactly what they put into it."

But Lewkowicz isn't convinced. "That's extra money that'll be coming from somewhere, but where? I'm not saying these actions will affect the pension, I just want to — and it's my duty as Treasurer to — find out for sure."

"The reason I'm bringing all of this to a boiling point now is to get it researched before it's too late, in the case that it does affect the pension of former and present city employees."

Not so, says McAnally.

"What John Lewkowicz needs is to define his relationship with the pension company."

"The way it is now, if (a city employee) wants to retire with 25 years, we will pension it. If they were 59, they could take their money out and the city would match it, as per the pension agreement."

"If they're less than 59, they may choose to leave it in and continue to contribute to it, if for instance, they got another job. Then, when they finally did withdraw it, they would get everything they had paid into it, with the city matching it except for the monies added after they stopped working for the city. They would get that, plus interest, but nothing extra would come out of the pension fund," said McAnally.

The first meeting of the reorganized pension committee was anything but. Organized, that is Lewkowicz and Bergeron were to select a third member, but they both interpret the resolution defining the committee differently.

"John just kept banging the gavel, we couldn't agree on anything, most of all who should run the meeting," Bergeron said.

Lewkowicz claims that, according to Resolution #66-12, he heads the committee. Bergeron claims that it only instructs the treasurer to act as the administrator for the committee, carrying out their wishes.

In the original resolution, then-treasurer Joe Wallis was made an acting member of the committee. But whether or not that will go for Lewkowicz may depend on attorney and, possibly, court findings.

"Our city attorney researched it, but I'm sure he didn't even have a copy of the original resolution to work from, he was all mixed up," said Lewkowicz.

Bergeron and Lewkowicz will be holding the second meeting soon, according to the treasurer.

Doomed Super Sewer has cost millions

By STEVE O'LEARY
ANP Staff Writer

The long-awaited and controversial "Super Sewer" program ground to a dead halt last week, when a spokesman for the Environmental Protection Agency (EPA) announced that the agency had rejected a final bid to get the plan adopted.

The Super Sewer program was to have cost in excess of \$150 million and would have affected residents of western Wayne County and parts of Oakland County. Local municipalities which would have been involved include Romulus,

Wayne, Westland, Canton Township, Plymouth, Inkster, Van Buren Township and part of Huron Township.

Had the project had the go-ahead this year, it would have had government funding of 75 percent. After Oct. 1, that amount will drop significantly to 55 percent, with the remaining amount to be paid by the cities and townships involved.

According to Richard Hinson of the Michigan Department of Natural Resources, the delay may well mean the project is dead. "Some communities are already involved. See SEWER, Page A-3"

• Member National, State and Local Trial Lawyer's Associations

How do you view the role of the judiciary in our society?

Citizens within the jurisdiction of the District Court are more likely to have their problems heard and ruled upon by this court than by any other court in the State. Consequently, the judgeship in the 34th District Court is of critical importance to every resident of that area.

This candidate views the judiciary as servants of the people clothed with the power to implement the laws of the State, facilitating a more orderly life in the community. A judge should strive to make equitable decisions following the Statutes of the State of Michigan and case law established by the higher courts. In many instances, the judiciary serves as an arbitrator.

Fritz lands in Romulus

By DENNIS NIEMIEC
Managing Editor

It was billed as a "Citizens Forum" but Walter Mondale's visit to the Wayne Memorial Alumni Arena Monday had all the earmarks of an old-fashioned political rally.

Flanked by a who's who congregation of Michigan Democratic leaders, Mondale addressed an appreciative crowd of

some 1,800 supporters and then answered a series of their questions during a 50-minute appearance.

The scene was pro-Democrat in every way. Banners hung around the gymnasium proclaimed "Fritz is the Future," "Bless You Boys Mondale and Tigers," "Puttin' on the Fritz" and "Hail to the Beef."

Democratic notables such as

County Clerk James Killeen, Sen. Carl Levin and Secretary of State Richard Austin warmed up the crowd with stirring calls for the election of the Mondale-Ferraro ticket.

"(Congressman) Bill Ford told me if I came to Wayne I'd like it and I like it," Mondale greeted the gathering, which hadn't seemed to mind the one-hour delay in the candidate's

arrival. "If anyone wants to be president they should come to Wayne Memorial High School."

"Anyone who can get the (Wayne Memorial) Zebras and (John Glenn) Rockets in the same room should be the president of the United States," he joked.

In his first campaign stop in the Detroit area since his nomination, Mondale criticized President Reagan on a variety of fronts, focusing on the federal deficit.

"I announced my budget plan," declared Mondale. "We have to get the Reagan deficit down by two-thirds. This has been the worst trade year in history (with) \$130 billion more in imports than exports."

"I am a jobs Democrat," he continued, prompting a large ovation from a decidedly blue

Sewer program struck down

ties may not be able to, afford it," he said. The federal cut-back represents millions of dollars.

Had the EPA approved the program this year before the October deadline, the government would have paid approximately \$90 million, with the remaining \$30 million to be divided up between the communities. Those figures will change drastically should the project be put back on the burner next year.

The project was intended to

help end sewage spills, flooding and pollution problems that continue to plague the area.

One effect the EPA decision will definitely have is to force communities that spent millions on feasibility and planning studies to write them off as losses. Reportedly, Romulus has spent over \$30,000, while Canton Township claims to have spent in excess of \$900,000.

Canton Finance Director Mike Gorman said "I have no idea what the future for us is as far as this matter is concerned

now, or how much it could cost should the project continue next year. It's all up in the air," said Gorman, "we just don't know."

It is estimated that approximately 3,200 new construction jobs were lost because of the doomed project.

Late last Friday, Wayne County Executive William Lucas said that he would file suit against the EPA "to injoin that agency from allocating any funds that would have been spent on the long-planned giant wastewater system."

plied, "no, to the best of my knowledge she hasn't even been asked. But she's doing a terrific job, and I'm certainly in a better position to judge employees of my department than Radford or the mayor or whoever," said Lewkowicz.

"It's a repetition of a problem that seems to be dividing up city workers every few weeks lately," said Raspberry. "It goes back to the charter, which states in no uncertain terms that while the mayor has control over department heads, those heads control their departments."

Another city hall worker confided that "sure, it's against

the charter, and like the mayor says, it's all been done before by past mayors. But not to the extent it's being done now, that's for sure."

As for now, Kim Warden, who has been working 40-hour weeks since she began as a cashier in the treasurer's department three months ago, still has a job. And, if John Lewkowicz has anything to say about it — and he contends he will — she'll have the job for a while to come yet.

"I don't care for playing politics much in the first place," said Lewkowicz, "but there's no way I'll stand by and see my department infected with it!"

Author to address teachers

Dr. Dale Johnson, who has a Ph.D. in reading from the University of Wisconsin, will be addressing close to 100 Romulus elementary school teachers Wednesday. Johnson, one of the authors of the New Ginn Reading Series adopted by the Romulus Schools this year, will address the teachers on vocabulary skills as the foundation for teaching reading.

Dale is a senior author of the new basal reading series and the author of many articles on reading. He is also on the Board of Directors of the International Reading Association.

The Romulus Board of Education adopted the reading series last Spring after a reading committee made up of elementary building teachers, principals and chairperson Harold Cannon made a presentation recommending the new Ginn Reading Series.

The committee had been formed in October by Dr. Terrel LeCesne, Asst. Superintendent, to explore current trends in reading and look at basal reading programs. The group met weekly for five months before arriving at a consensus for the New Ginn Series.

Teacher's editions were made available to all district

fore attending the forum in Wayne. Following the program he immediately headed for California.

Communities take right course in communications

The Western Metropolitan Emergency Communications Network (WMECN) has been the subject of considerable discussion recently as officials from Van Buren and Sumpter Townships and the City of Belleville attempt to work out problems with their police dispatch system.

We applaud the efforts of representatives of these three communities to openly debate and analyze the merits and shortcomings of the WMECN, because the issue boils down to one of health and safety. At stake here is the welfare of all citizens of these communities who rely on police dispatchers to radio scout cars and inform police officers in times of need.

Since its inception in 1977, the WMECN system, housed in Belleville City Hall, has served approximately 30,000 residents in an efficient manner. The system, unfortunately, is far from perfect. However, instead of dissolving the program, officials must work at improving the concept and the level of service.

There are many reasons to maintain the police network. From an economic standpoint, the three communities can maintain an efficient operation by pooling resources rather

than splitting monies. It has been estimated, for instance, that the cost of setting up a comparable system in Van Buren Township would total \$200,000.

Geographically, these communities can best provide local police protection on a 24-hour basis by keeping the lines of communication open. Police work is not an isolated activity but rather a mutual awareness of what best suits the public need.

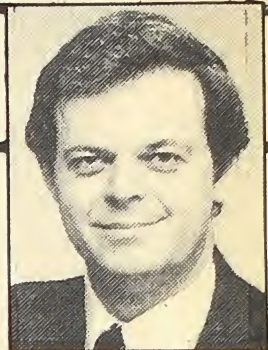

In this case officials have taken the right course to date. Rather than disband the system due to imperfections, it is time to meet and define areas of improvement.

Van Buren Township officials have concerns with procedures and policies and are exploring other alternatives. We would suggest that the best alternative is a police dispatch system that operates under guidelines established and monitored by representatives of Van Buren, Sumpter and Belleville.

The WMECN system should be retained. Improvement in dispatch police will come through continued communication among the participants.

'A-1'

How does a person get to be 'A-1' in terms of dealing with people, problems and situations?

It occurs to me that 'A-1' signifies in the minds of most, something or someone which is first rate, outstanding, the very best at whatever discipline he or she has chosen.

Interesting that the symbol A-1 is made up of a letter and a number. In business, particularly in our business, I see people who excel in dealing with numbers. I see other people who are first rate in dealing with words. What there seems to be too few of are people who can communicate through the use of a combination of numbers and words in an intelligent, understandable, succinct way.

Journalists tend to be able to speak fluently to the world through the typewriter. They are articulate, entertaining, informative, hard-hitting and stimulating — all through the written word. They often have difficulty dealing with numbers in an equally sophisticated manner. This is not to pick on journalists, they just happen to be a case in point which comes to mind as they are people that I deal with.

Each of you, I'm sure, in business, through civic organizations or in school, deals with people with similar holes in their experience or education.

On the other hand, there are those whose fingers dance through the calculator keys, who can run long adding machine tapes totalling to the penny a series of numbers. They can factor. They can refer to tax tables, analyze financial statements, and they perform amazing mathematical maneuvers — but try to get them to communicate in a similar fashion through written or verbal correspondence. For some of them, this is a very difficult task.

It is my contention that if any of us are to become balanced, well-rounded "communicators" we should strive for a goal of being truly A-1. The only way that can achieve any real meaning is if, in fact, we become as adept at communicating through words — both written and oral as well as through the use of numbers, both written and oral.

Much of success in the business world today relates to numbers and, in fact, depends on skill in understanding the "numbers game." If you can understand numbers, study them, analyze them, explain them, decipher them, re-arrange them, and illustrate points with clarity through the use of numbers, you will usually be more successful. Try to talk to a banker about a loan, maintain your personal financial budget or even balance a checkbook without specific numbers.

On the other hand, try to give a speech, compose a letter or a memo or have a con-

versation on the telephone using primarily a long list of numbers in an attempt to illustrate or communicate. You'll put them to sleep. Letters and numbers are tools to be used to accomplish a goal or objective, an end if you will.

In the newspaper business we speak to you each week to try to communicate ideas, concepts, opinions and attitudes. We endeavor to inform you, to persuade you, to entertain you. We know, all too well, of the difficulties we encounter in effectively communicating. Our livelihood is derived primarily as a result of communicating and helping advertisers communicate to you, the buying public, the benefits they offer to you as a customer and potential customer. They endeavor to convey this information primarily through letters and numbers — although illustrations play a key role as well.

Students trek through classes, groaning and mumbling about having to take a given number of credit hours in specific courses in order to complete requirements for graduation from high school or college. They ask themselves why they have to take subjects they doubt that they will ever use in practical application in the "real world." Let me suggest that many classes simply attempt to fine tune the abilities of the young to become more adept at using letters and words to express, convey and communicate.

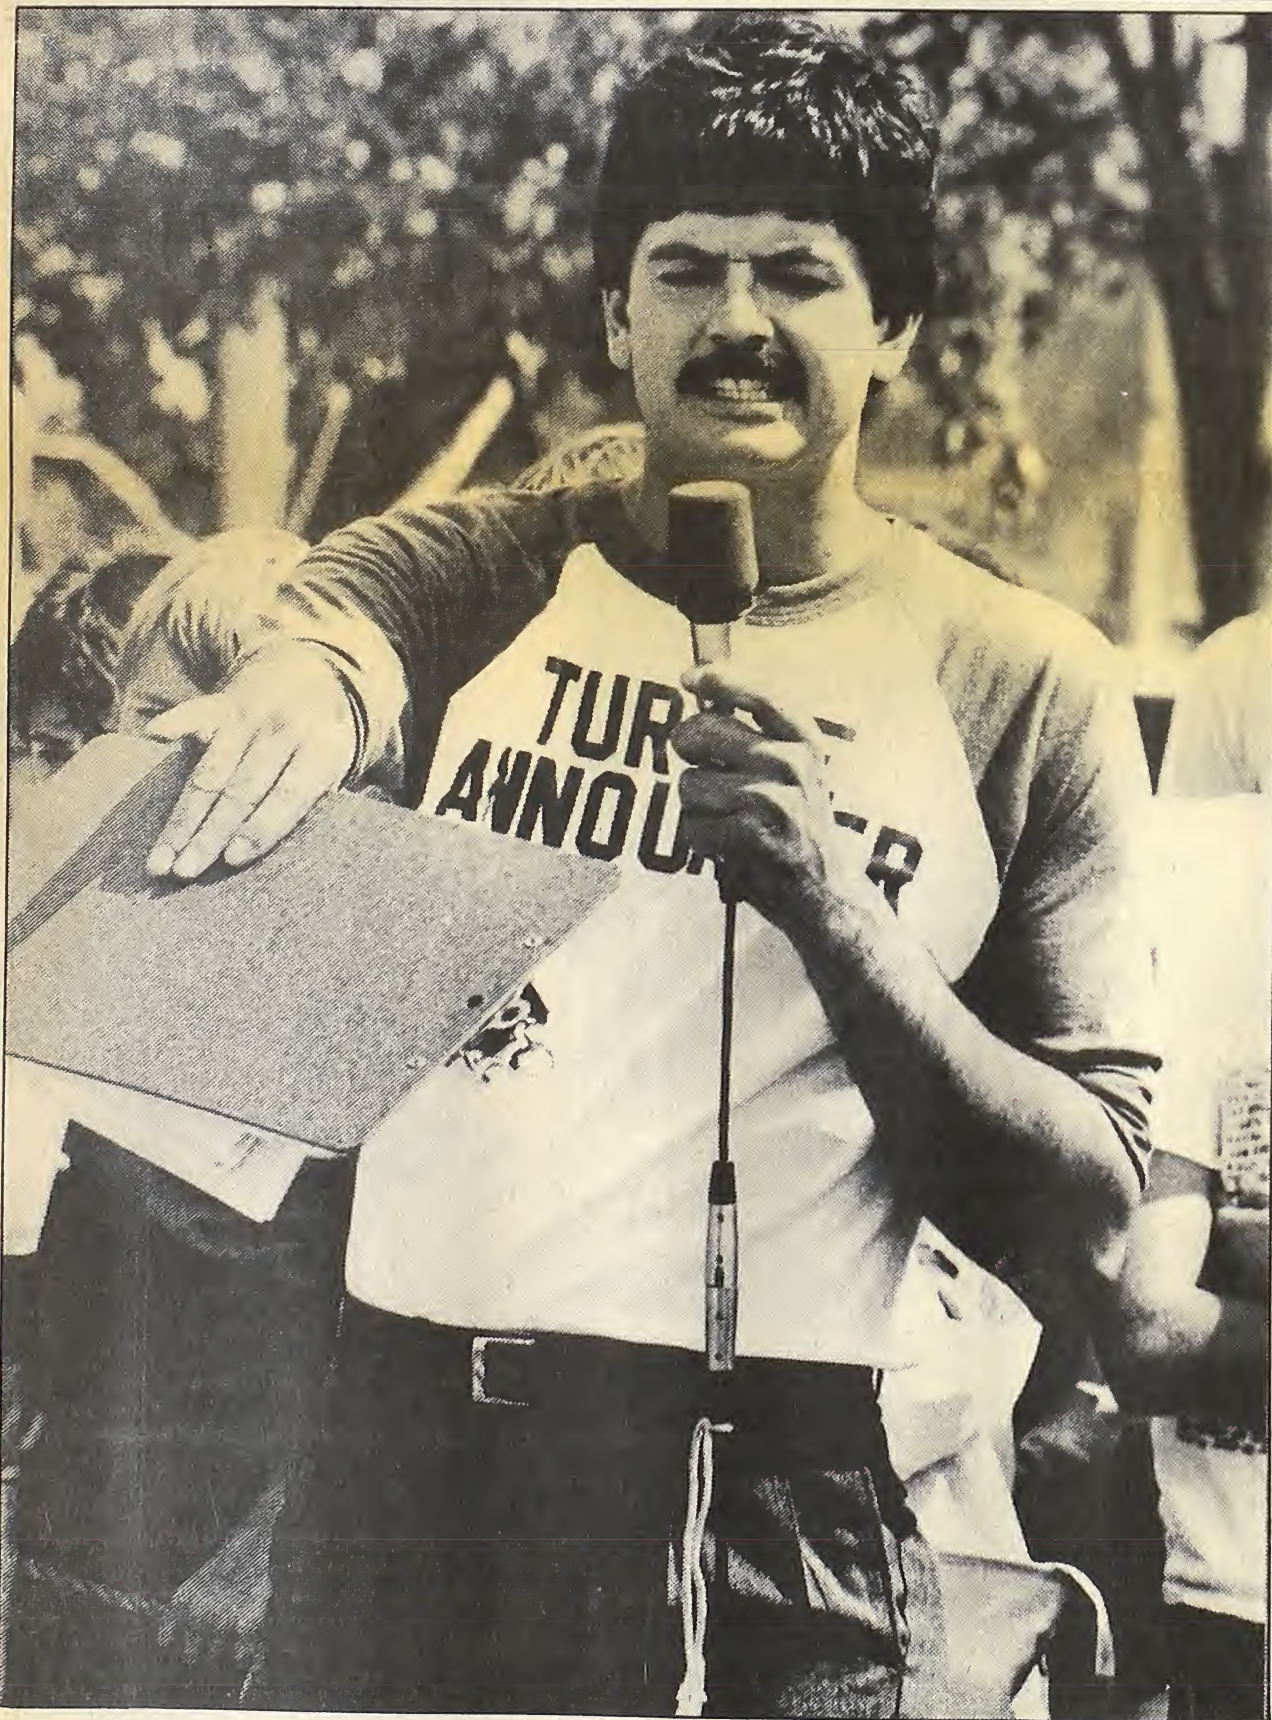

It's a people world — and without accuracy and clarity in both words and numbers, you can have disaster that can seriously impact on those people's lives. A lot of gibberish? Consider the price that was paid by Korean Airliner Flight 007. Apparently programmed with an inaccurate set of numbers in the on-board computer, the pilot and copilot may have been first-class at communicating with words, but a little short when it came to numbers. And consider the price George Romney paid when he tried to convey, via the spoken word, what he sensed was happening in Viet Nam and claimed he had been "brainwashed." Consider the benefits derived by one of the Miss America finalists, Miss Utah, because she was a little better than her peers at responding to verbal questions. She will walk away with the crown, the title and the money over her rivals.

The benefits of being A-1 in life are too numerous — the cost of being sloppy, inarticulate or inaccurate can be too great a price to pay.

Here's to the A-1s of the world, may we all strive to join their ranks.

See you next week.

Friendly pharmacy

To the Editor:

This letter is in regards to the column written by Gloria Worswick in your Sept. 14, 1984, Inkster Ledger Star issue, concerning how long she had to wait to get a prescription filled at a local "friendly" pharmacy. I am a pharmacist who works at a very busy retail "friendly" pharmacy in the local area. Being a member of the Health Care Team as a provider of professional services, I must admit her column immensely offended my "friendliness."

At my store we always do our best to treat our patients promptly and fairly. Just as most people would probably have to wait a few extra minutes to see their doctor, they also may sometimes have to wait a few extra minutes to have their prescriptions filled. People like Gloria Worswick should thank God that all Rx medicines today are prefabricated at the factory, rather than having to be put together by the pharmacist at the store level.

Most likely the reason Gloria Worswick's prescription wasn't filled promptly the first time around was due to the fact that she probably had an insurance card which expires yearly. Therefore, once a year she must present the new card with

the new expiration date so that the new information can be entered onto the "friendly" pharmacy computer. Also, at my "friendly" pharmacy, we have a sign situated on the pharmacy counter which reads, "Please present your insurance card with every prescription."

At every pharmacy I've ever worked at, the pharmacist is always "friendly" enough to order any item for a patient which they might not have in stock at that time. Furthermore, if any of my employees ever thought that they worked in front of a "captive" audience, I don't believe I'd be in business very long. I don't think I could afford to pay actor and actress wages.

Voters' choice

To the Editor:

Proposal C, also called voters' choice, will do two things: A) lower taxes to 1981 levels and B) let people vote on any new taxes. Proposal C could be good or bad, but we should have a chance to find out.

Proposal C is not the end of the world; there is nothing that can't be un-done by using the same process. Proposal C is the first thing since the Boston Tea Party that truly frees us from, "Taxation without Representation".

It is my opinion that there

are very few taxes that the public can vote on. I think they should give us more taxes to vote on. In my opinion the State shouldn't raise the taxes without asking us first or letting us vote on it.

We need taxes but not just any to get money for the state to spend unwisely. If Proposal C passed the state would have to start spending their money wisely.

Scout volunteers

To the Editor:

I feel that Girl Scouts offer girls a much needed chance to get a solid background with good values and hope for the future. I enjoy having a small part in helping girls get this chance. I also enjoy having an opportunity to work with other adults in Girl Scouting and learning from their many experiences.

Being a Girl Scout leader gave me the opportunity to learn and grow with the girls. I am now a Troop Services Director. Now, one of my jobs is recruiting troop leaders, getting them started and providing them with on-going help. If you want to have fun while helping girls grow and mature, volunteer by calling, 483-2370.

Gettysburg

Gettysburg, Pennsylvania—In a stand of trees where Pickett's Brigade waited to make its now famous charge, you hear it. Pass miles of monuments, you can sense it. From the top of Little Round Top, beyond Devil's Den and in the distance, you see it. Spread below and afar, the Battlefield of Gettysburg tells the story of the three-day battle that was a turning point in the Civil War.

In a day's time more than 20,000 soldiers, many of them of the Confederate Army, lost their lives for a cause they believed in. It's been more than 120 years since the hills around this sleepy Pennsylvania town reverberated with the sound of cannon fire and the screams of men dying, but standing in a wheat field

or on the ridges where the Confederate forces so valiently fought, a visitor can almost hear it happening all over again.

To read every monument — there are thousands of them, many in a cluster of woods or in the front yard of someone's home — and to trace the day-to-day fighting that took place there isn't something that can be done in an hour or a day. There's too much to see, too much to read, too much to reflect upon.

Robert E. Lee sits astride his horse atop a monument marking where the Confederate Army gathered for the battle. The road that traverses the ridge is lined with Civil War cannons and markers

for this infantry group or that rifle brigade. Many read the "Army of Northern Virginia." There are so many that you begin to wonder just how many men were huddled behind breastworks — small walls of stones — waiting for the order to attack. Looking East in the distance, a massive white, doomed monument can be seen, a monument commissioned by the State of Pennsylvania to honor its dead and wounded. Plaque upon plaque ring the base of it, listing thousands upon thousands of names of its native sons who fought there.

Soldiers from Alabama, Minnesota, Arkansas, Michigan, New York and other states too many to name are remembered.

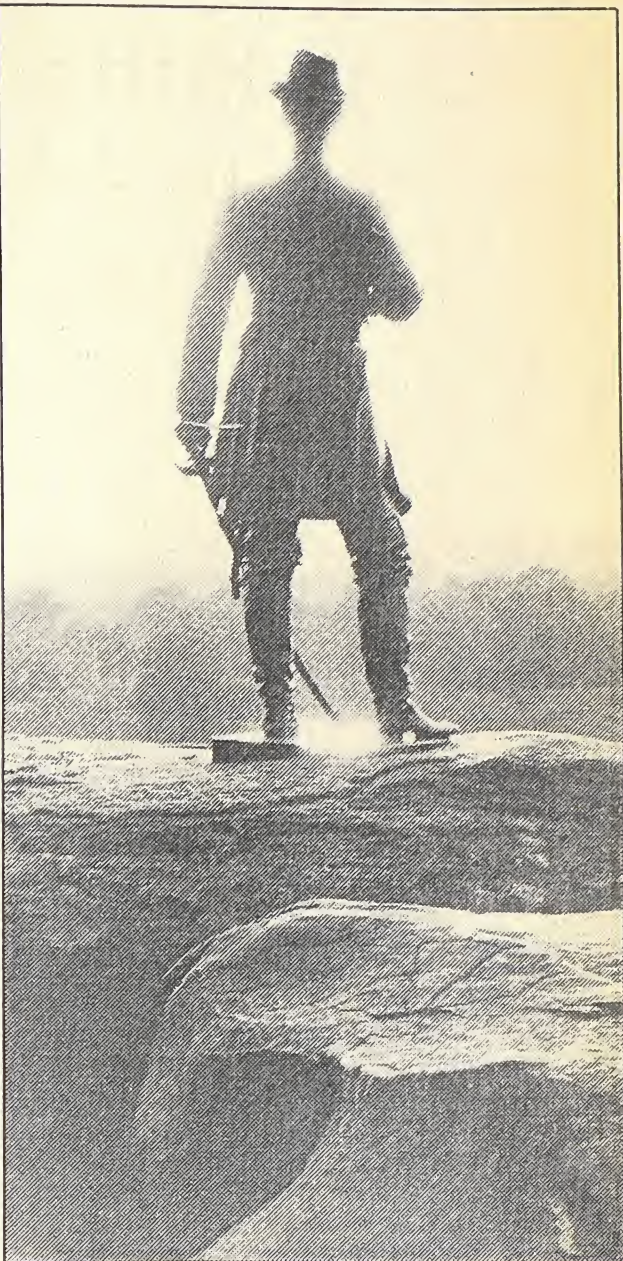

Gettysburg is a humbling experience. As visitors roam this national park, there is no laughter, no jokes. They talk in subdued tones, touch names on markers with reverence. They somehow become intertwined in the lives of those who now are only names.

The town of Gettysburg itself still shows the scars of that battle. Many of the original homes still stand. A building on the town square proudly announces that Abraham Lincoln stayed there while preparing to make his Gettysburg Address. Bullet holes mark the facades of some buildings and even a cannonball can be seen protruding from the wall of one. Stone barns that until that battle housed farm animals and were quickly turned into field hospitals to handle the thousands of wounded and the peach orchard where so many died still stands. Wheat still grows in the field where the heaviest loss of lives occurred.

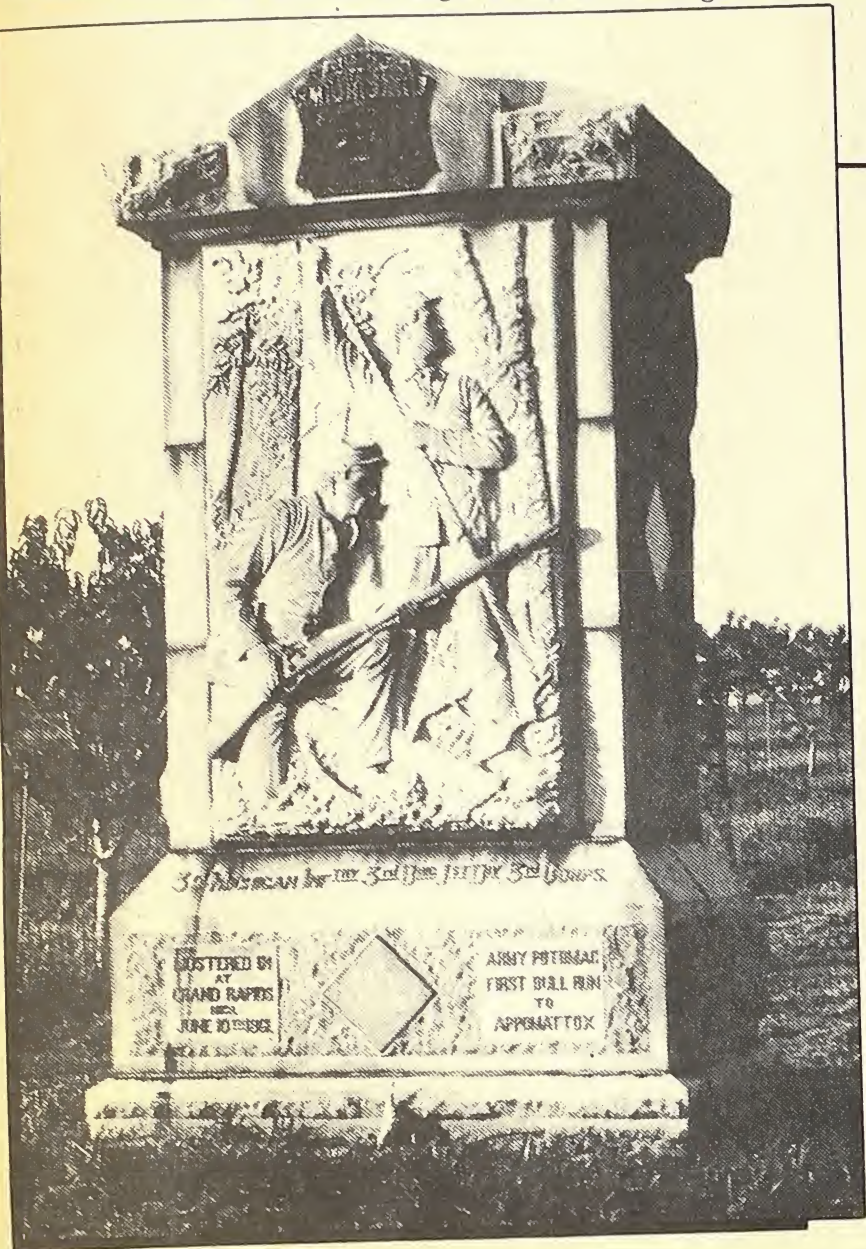

Everywhere you look in this town there is history. To most of us it is a history we know from reading books. At the national cemetery, row upon row of markers record the carnage that took place. Many bear the name of the soldier, but even more are just a number, who he was is unknown even to those who took the time to give him a decent burial.

I must admit my encounter with Gettysburg, up until last week, was like all of us — in the sterile confines of a classroom. To stand where General Warren stood on top of Little Round Top and valiently fought off a rearguard action by the Confederate Army, to touch a cannon that probably glowed white hot from repeated salvos, to walk where brave men died in defense of their country ... it brought home the meaning of the Gettysburg Address that as a class project I memorized word for word so many years ago.

My visit to Gettysburg was far too brief. I wished the sunlight would linger just one more moment to read just one more marker. As I watched the sun set on the vast expanse of the Gettysburg battlefield, I realized that I'd be back. Before my encounter is done I will read each and every monument. Only then, I think, will I truly understand the American spirit to fight for what we believe in.

A setting sun casts a glow on a bronze statue atop Little Round Top, where an Army engineer and a group of Union soldiers foiled a rearguard action by the Confederate forces.

Monuments can be seen everywhere on the battlefield at Gettysburg, recording the carnage that took place there. In a peach orchard near the Pennsylvania town stands one monument recognizing Michigan's 5th Infantry.

Getting the job done

To the Editor:

The City of Wayne has had a problem since January 22, 1970. This problem consisted of the former "Nankin Hospital."

This unit lost its tax exemption license on Jan. 22, 1970. Since that date, this building has been used as an industrial clinic for approximately three years and then converted into a boarding house, rooming house or hotel. (For the past four years, no one on the City Council or Administration could define use of the building.)

Due to citizen pressure, the City Council dumped the problem on the Director of Public Safety, Ray LeCornu. Within 30 days he accomplished what the rest of the city officials and the

City Council could not do in eight years.

All the citizens of Wayne, and especially the residents of the Isabelle Clark Subdivision, should be thankful to have an administrator that can act and not just listen in ignorance, inspect in ignorance, and then delay further action because of ignorance.

Also, I would like to know what, if any, effort the City is making to recoup the taxes lost on this building since Jan. 22, 1970.

(This letter was written on June 7, 1982, and was intended to be presented to the Wayne Eagle at that time. However, due to legal problems originated by Dr. Rene Archambault, I was prevented from sending this letter to the newspaper until now.)

RateBuster Auto Loans

When it comes to low auto loan rates, Downriver Area car buyers have always come to WSB. Now, we have two auto financing choices — our traditional Fixed Rate and our new Flex Rate plan. Both feature competitively low rates and simple interest to save you money.

FIXED RATE

- The interest rate is set when you make your loan and never changes.
- The monthly payment amount stays the same.
- There is a fixed loan repayment term you choose in advance, including 2, 3, and 4 year terms, according to your budget.

FLEX RATE

- The initial interest rate is lower than the fixed rate and may periodically change according to current money market rates. Rate increases are "capped".
- The monthly payment amount stays the same.
- Payment terms are flexible. If interest rates go down, you'll make fewer payments. If rates increase, the payment term is extended.

For more information, or to apply for a Ratebuster auto loan, come to any WSB office. You'll always drive home a better auto loan deal.

Family overcomes fears to fight cancer

By ROSE MARY REIZ
ANP Staff Writer

Try to imagine that you are Karen Ligner, a wife and mother whose life seems filled with about the same amount of frustration, joy, pain and laughter as anyone else's. Until two years ago.

On April 24, 1982, Karen's 4-year-old daughter Kristie fell on the steps and whacked her chin.

Like most mothers, Karen Ligner was accustomed to the bumped heads and scraped knees that go along with having two active children. Like most mothers, she worried anyway.

"Even though she seemed fine, I watched Kristie for signs of a concussion — woke her in the middle of the night and checked her pupils for dilation," Ligner recalled, "but I couldn't find anything."

The next day Kristie was sitting on the porch with some friends watching a neighbor, when Kristie reported that when she looked across the street, she could see two men.

Not sure whether Kristie's on-again, off-again complaints of double vision were legitimate, the anxious mother took her daughter to the Oakwood Hospital emergency room "just to be on the safe side."

"I was sure they were going to say I was being an overpro-

sion impairment, the frightened 4-year-old was admitted to the hospital.

"We still don't even know why we were there," her mother recalled.

Doctors weren't sure, either. A battery of tests failed to tell them what they needed to know.

diagnosed as benign.

By that time, the vision in Kristie's protruding eye was gone, she was in facial and nerve pain and "just looked and felt terrible," her mother remembered.

Released from the hospital with steroids to shrink the tumor, Kristie had been home a week when her mother noticed that her daughter's eye, already bulging past her eyebrows, looked just a little bit bigger.

For the second time, Kristie's mother followed her instinct and took her daughter to the hospital. For the second time she was right.

"The doctors took measurements and said it was actually a little bigger," Ligner said. "Then they told us they had to perform emergency surgery on Kristie to remove bone and tissue to make room for the tumor to grow sideways and stop it from pushing the eye out of its socket."

Kristie's mother, naturally concerned about her daughter's appearance, remembers

ductive mother," Ligner said, "but the doctor said that Kristie's right eye was moving slower than the left — such a small difference that it was barely detectable. They sent us to Mott's Children's Hospital for tests."

The sense of urgency and late hour (it was 10 p.m. when the family was sent to the Ann Arbor hospital) contributed to Ligner's anxiety.

At 3 a.m. the next morning, just two days after the fall that apparently caused the vi-

As Kristie's vision worsened and her eye continued to grow, protruding outward from its socket, doctors became desperate. A sign was posted on an optic clinic door which listed Kristie's name, symptom and a helpless question, "Can anyone tell us what's going on?"

Finally, on May 3, doctors gave up trying to connect the elusive symptoms with Kristie's fall and performed a test which revealed something tangible — a tumor, thankfully

There were two seconds left in the first half of last Friday night's game between the Pontiac Central Chiefs and the Rockets of Westland John Glenn at Glenn's Kionka Field.

Cass Simpson, the Rockets' 5'10", 163-pound safety, had just intercepted an errant Chief pass and returned it to Pontiac's 29-yard line. On the sidelines, Head Coach Chuck Gordon mulled over plays in his mind. He looked over at his kicker, Chris Piazza (Sr., 5-8, 154), who was warming up his leg kicking balls into the kicking net.

Gordon knew then exactly what to do.

Unbeaten Rockets travel to Livonia Franklin

"It really swung the momentum," said Gordon. "I'm not sure it was the turning point of the game but it got things going for us. On the first two possessions of the second half, we scored."

Piazza and his holder, Mike Troup (Sr., 5-9, 162) trotted onto the field to attempt a 46-yard field goal. The Rockets already led, 7-0, thanks to a one-yard sneak by junior quarterback Steve Irwin.

The huge Kionka Field crowd stood in anticipation of the kick. Long snapper Mike Leck (Sr., 5-

10, 193) hiked the ball to Troup who placed it down perfectly on the 36-yard line.

Piazza, last year's ANP All-Area kicker, got his leg into the ball and propelled it toward the uprights. The ball dropped through, the entire team mobbed Piazza, and the senior kicker had placed his name in Glenn's record books.

"We knew he could hit it because he has done it before in practice," said Gordon.

The 46-yard effort broke the previous school record of 38 yards, set by Bill Kelley in 1971.

Both the Chiefs and the Rockets had entered the game with 1-0 records. After the Rockets' first drive failed to materialize into a touchdown, Pontiac Central got its hands on the ball. Using reverses and sweeps, the Chiefs attempted to utilize their excellent speed to move the ball into Glenn territory.

That is, until nose guard Ron Keast (Jr., 5-6, 150) got in the Chiefs' way. Keast broke through the line and dumped Pontiac quarterback Steve Osborn (Sr., 5-11, 160) for a five-yard loss. Another sack by de-

fensive end Jeff Stankoff (Sr., 6-0, 181) pushed them back even farther. Osborn decided he wanted to run the ball but he soon found himself running in the opposite direction for his life. He was tackled at the 5-yard line, where the Chiefs faced 2nd down and 47.

"We knew they had good speed but they were faster than we expected. It was a credit to our defense to stop them early," said Gordon whose Rockets lifted their season record to 2-0 with the win.

Two plays later, Glenn got the ball on their own 48-yard line fol-

lowing a Pontiac punt. Mixing their plays well, the Rockets drove neatly down the field behind the running of Tony Boles and Dana Jones, and a pass from Irwin. It was Irwin who finally scored on a keeper, and Piazza added the point-after for a 7-0 lead.

The Rockets held the Chiefs for the rest of the first half until Piazza hit his "kick heard 'round the world" for a 10-0 half-time lead.

Gordon and his team made a few adjustments to take pressure off Boles in the second half. Fullback Dave Husak (Sr., 5-9, 159) ripped off a 21-yard run on the first play of the third quarter and the Chiefs knew they had to

Salem slips by Canton

Plymouth Salem coach Tom Moshimer's philosophy is to stress fundamentals and keep it simple.

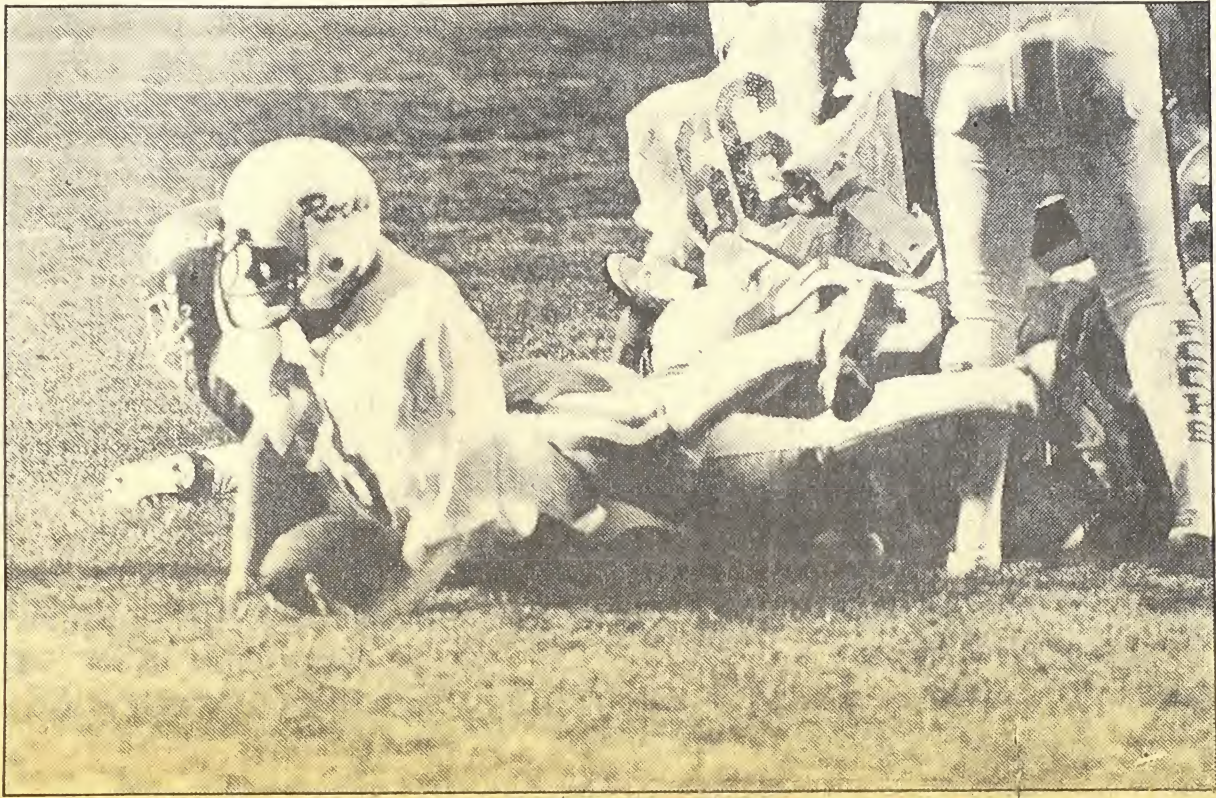

The Rocks kept it about as simple as it gets Friday night as they used only six different plays and scratched out a hard fought 14-7 victory over arch-rival Plymouth-Canton.

In this day and age of multiple set offenses and flea-flickers that can turn a game into an aerial circus, Salem attempted only two passes.

"This game probably wasn't very exciting from a spectator's point of view," said Moshimer. "We could only do what their defense allowed us to do. They double-teamed our wide receivers and blitzed so much we had to stick to the running game."

Operating out of the wish-bone formation, the Rocks opened the scoring midway through the first quarter as Kevin Riley barged in from a yard out. Brian Tiller had picked off a David Knapp pass to set up the scoring drive. Tiller added another interception on the Chiefs' very next possession, but the Canton defense stiffened and no damage was done.

Canton knotted the score at 7-7 late in the second quarter as they went 59 yards in 10

Salem's Kevin Riley lunges into Canton's end zone for the Rocks' first of 2 TDs.

plays with fullback Mike Johnson going in from the two yard line. Johnson led the Chief ball carriers with 57 yards in 13 tries.

A steady rain hampered both offenses in the second half and turned the game into a defensive struggle.

A third quarter fumble gave Salem the ball at the Chiefs' 25. But with their backs to the wall, the Canton defense stopped Rock quarterback Steve Sobditch on fourth down from the one yard line.

The winning tally finally came in the fourth quarter when Salem's Randy Blaylock scored from the two-Mark Dixon added the point after and the Rocks led 14-7.

But the Chiefs fought back

with an intensity displayed by both sides all night. A Knapp pass to Matt Flower appeared to give Canton a first down deep in Salem territory, but a holding call nullified the long gain.

The Chiefs missed a golden opportunity when they could not come up with the ball after a Salem fumbled punt. Dom Dibello finally made the recovery for the Rocks after a wild scramble that saw several players have a shot at the elusive pigskin.

Chiefs' coach Richard Barr was disappointed in the outcome, but optimistic about the future.

"Bad field position in the second half and mistakes hurt us," Barr said, "but we'll be

back and we'll win some ball-games."

Randy Blaylock paced the rushing attack for the Rocks who were outgained in total yardage 128 to 126.

Moshimer had high praise for both teams.

"The difference in this game was that our kids expect to win. They know that somehow, in a tight ballgame, they will find a way to pull it out. They (Canton) are trying to build a program over there, and after they get a few more victories, they'll be all right. They are a good team and should have a fine season."

This week's schedule finds Salem traveling to Livonia Bentley, while Canton will host Livonia Churchill.

'Lady Luck' turns back on Patriots

By TOM MOORADIAN
ANP Staff Writer

"They outcoached us. Outplayed us. Out-hit us."

That's how Livonia Franklin coach Armand Vigna summed up the Patriots' 17-7 setback at the hands of city rivals, Livonia Stevenson, last Saturday.

"And if we play like that this Saturday, Glenn will run all over us," Vigna says. Franklin has been a thorn in the Westlanders' sides. It was Franklin which a year ago denied the Rockets all of the Northwest Suburban Conference title by upsetting Coach Chuck Gordon's team.

"But if we don't regroup we'll suffer the consequences," Vigna warned.

Stevenson's Spartans built up a 10-0 first half lead thanks to a 32-yard field goal by Pete Huddy and a 5-yard TD run by Don Rosochacki who dove into the end zone with 3:59 remaining in the second period to cap a 49-yard drive. Huddy booted the extra point.

The Patriots closed within three midway in the fourth quarter when Joe Karcher scored from the one, culminating a 21-yard drive after linebacker Tim Gabel pounced on an errant Spartan exchange. Bob Solnikowski kicked the extra point.

Stevenson iced the victory with a last minute, last play of the game touchdown. Rosochacki broke loose for a 43-yarder to account for the six-point.

"I got to give them a lot of credit," Vigna said. "They were prepared for us. They blitzed us and intercepted Drabicki (Bob Drabicki, Pat QB) four times and also sacked him six times."

Spartan defenders held their rivals to six yards net rushing and 110-yards in the air on Drabicki's 11 of 29 effort. Craig Dlugos and Tim Gabel had fumble recoveries for the Pats.

In the meantime, Livonia Churchill lost a 31-13 decision to non-conference rival, Ann Arbor Huron, as the Chargers have failed to give first year head coach Herb Osterland his first win in two outings.

Huron's River Rats exploded for two TDs in the third and two more in the fourth to break open a 13-6 ball game.

"We started well," Osterland said, "but we couldn't hang on to a 13-6 lead. Huron just dominated us in the second half."

Churchill got on the scoreboard midway in the first quarter when quarterback John Stoitsiadis threw a 32-yard TD pass to flanker Andy Oliver. The River

Rats tied the game in the same period, but the Chargers regained the lead early in the next period when Stoitsiadis again engineered the

Belleville seeks to extend Romulus 'myth'

Tigers upset Monroe; Eagles still looking for 1st win

BY TOM MOORADIAN
ANP Staff Writer

There is a myth, some even go as far as to call it a 'jinx', that Romulus High can't win a football game on its home field.

The believers of that myth point to the fact that the Eagles have not won a game on the junior high gridiron since switching from the high school to play under the lights of the junior high five years ago.

And Belleville, coming off of a stunning 12-7 victory over Monroe, would like to keep that myth alive.

"I didn't know that they have had problems winning over there," said Belleville coach Pete O'Neill, "and, of course, I hope we can keep it that way for a least another week."

"But, let me add, that Romulus is a tough and improved team. What concerns us most is their over-all team speed. There is also this cross-town rivalry."

Romulus coach Norb Glover awaits Belleville's arrival with mixed anticipation.

"They (Belleville) just knocked off Monroe," Glover said. "That says a lot. I believe

it will be an interesting game and, as far as the athletes - I believe we're about equal. Whoever gets the breaks will probably come away the winner."

Belleville posted its first ever win over Monroe to even its over-all record to 1-1 and launch the conference season atop of the standings.

Belleville put away its first win of the campaign at the expense of Monroe with four minutes to spare. Trailing 7-6 heading into the last quarter, the Tigers and quarterback Bob Spicer polished off a 25-

yard drive after a Trojan bad snap from center gave them the excellent field position.

Spicer scored from the one on an option to give the Tigers the lead for good.

Earlier, Ken Krug had attempted a field goal from the 27-yard line and missed.

After scoring in the second quarter on Dennis Montie's 3-yarder, set up by defensive halfback Michael Beckley's interception, the Tigers blew their 6-0 lead midway in the third period when Monroe scored on quarterback Tom Collette's 10-yard option. The

Trojan's made good on their extra-point attempt.

The Tigers also missed a "golden opportunity" to get on the scoreboard in the first quarter when Spicer drilled a pass to Montie, who had cleared all of the Trojan defenders, but the pigskin slipped off the receiver's fingers.

A constant drizzle throughout the game bogged down both defenses.

Belleville received a stellar defensive effort from John Tomlinson who had six solos and two assists while Krug, a rugged linebacker, counted seven solo tackles and Doug Chapman, also turned in a fine game at defensive tackle. The Tiger's defensive halfbacks - Beckley, Jim Utt and Spicer allowed only 25 yards in the air.

one of our leading rushers last year," O'Neill pointed out. "He's the best back we have, but we don't want him back until he's 100 percent."

Romulus would also like to have their No.1 ballcarrier, Vince Morris, back in action. Morris was injured in the first quarter of the first game of the season against Willow Run.

"We're hoping he'll be ready Friday," said Glover who noted "that we have been playing a lot of young people and Vince would give us the experience in the backfield we need."

The Eagles have failed to get on the scoreboard now in eight quarters as they were shutout by Allen Park Cabrini 8-0 last Friday. (They lost to Willow Run 32-0 in the opener).

Romulus mounted its only TD threat of the game in the second quarter when quarterback Scotty Hampton guided a midfield drive that fizzled inside the Cabrini 20 when the Eagles fumbled a snap from center.

Huron shows signs of recovery

By TOM MOORADIAN
ANP Staff Writer

Despite their 0-2 record, no one is taking New Boston Huron for granted this season on the gridiron. Coach Tom LaBeau's Chiefs finally earned some respect by battling a tough Riverview contingent to a standstill before

yielding 25-14 in their conference opener.

Leading 6-0 until the closing minutes of the initial half, Huron gave up a touchdown and settled for a 6-all halftime margin. The Pirates, however, came back and put 13 points on the scoreboard in the third quarter,

then added an insurance TD in the last stanza.

"I felt we played a pretty solid game in the first half," said Coach LaBeau whose Chiefs take on an undefeated Flat Rock club at home Friday night. "Riverview wore us down in the second half. We just couldn't handle

their size."

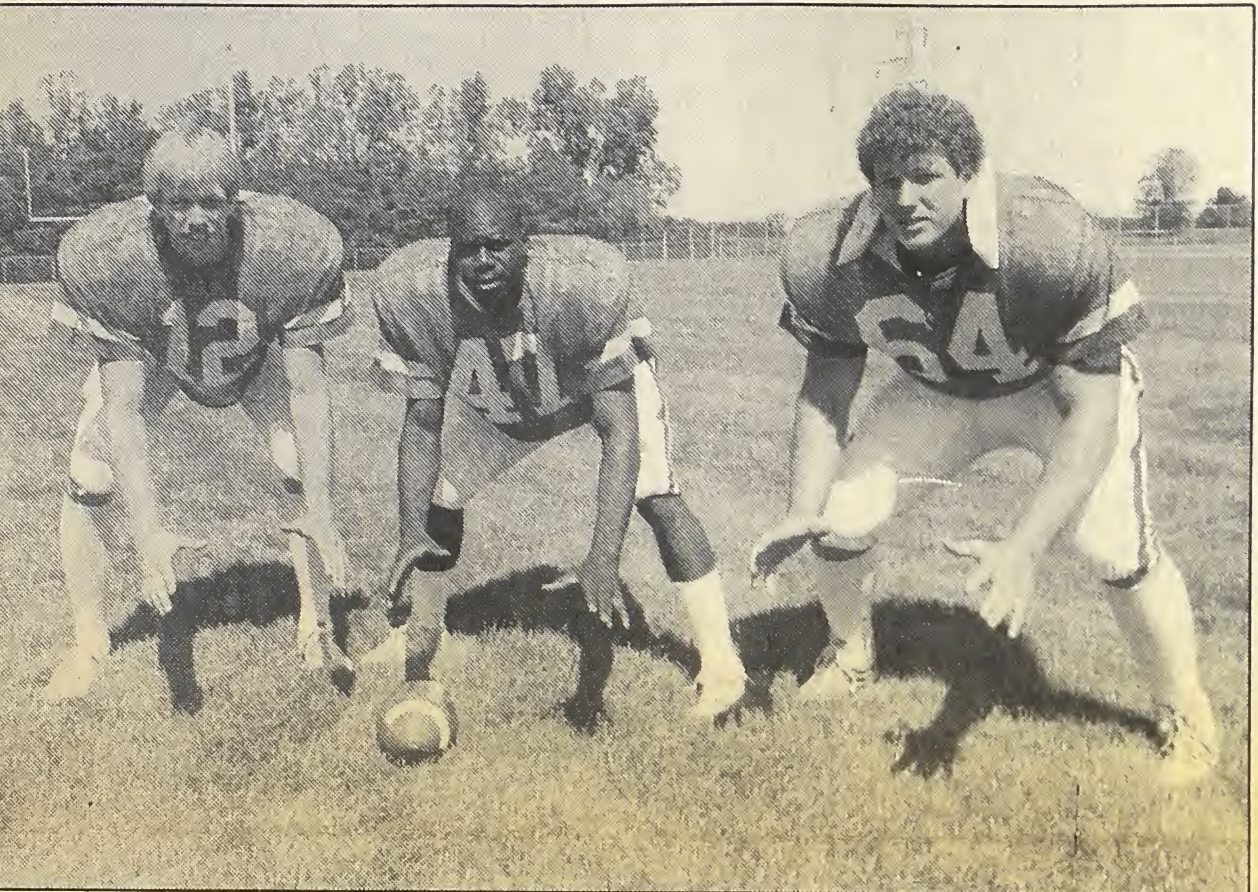

The Chiefs put together a mid-field drive that ended with quarterback John Umin's 22-yard touchdown pass to Guy Cugle late in the first period. They held on to the lead until Riverview scored the equalizer on Sam Vassallo's one-yard plunge with 16 seconds left in the half.

Spicer completed nine of the 17 passes for 77 yards. Montie had two of those receptions for 28 and Beckley nabbed two others (20 yards) while Steve Else hauled in three for 19 yards.

The Tigers are eagerly awaiting the recovery and return of Billy Armstrong to their line-up. Armstrong, sidelined with an injury sustained during a pre-season scrimmage, is considered the team's most potent running weapon.

Bobby Sloan led Eagle rusher with 80 yards on 17 attempts. He was also one of the leading defenders, collecting six solo tackles and three assists. Linebacker John Montroy had nine solos and three assists.

Ron Maull and Ron Downer each had five unassisted tackles.

Area's grid impact at SVSC

Three area athletes are hoping to make an impact on the Saginaw Valley State College football team this season. The Fighting Cardinals, who are defending Great Lakes Intercollegiate Athletic Conference champs and currently ranked 14th in the NAIA national poll, boasts former All-Area gridders: quarterback Mike Quartuccio (from left), from Wayne Memorial, junior defensive back Steve Henderson (Inkster) and freshman offensive lineman Doug Mac (Wayne Memorial).

But Riverview came back and capitalized on two early Huron turnovers in the third quarter for touchdowns.

Huron made a dent into Riverview's 19-6 cushion with a third quarter TD thanks to the Umin-Cugle pass combination. The duo combined on a 70-yard pass-run TD late in the quarter. Umin then teamed with Tom Richardson for the two-point conversion.

Statistically, Riverview dominated the game. The Pirates had 16 first downs to the Chiefs' seven and 230 yards on the ground to Huron's 70. But Umin's four of nine passing attack in the rain netted 110 yards with Cugle hauling in three of those receptions.

Huron amassed 45 yards (on three infractions) in penalties as compared to the Pirates five for 40 yards. Huron's Dan Siegler picked up 60 yards, in 12 tries, on the ground.

worry about more than one runner.

Next week, Glenn takes on an old nemesis, Livonia Franklin, at Franklin on Saturday at 1:00 p.m. Gordon looks for a tough game saying, "It will be a physical game. They are well-coached and have talented athletes. This will be our first real test of 1984. We'll know by next Saturday what kind of team we'll have."

Churchill, Canton gridders clash

From Page 1-B

Defensively, Dave Mize came through with seven solo tackles and a handful of assists.

Churchill opens the Western Division phase of the season Friday night at Plymouth Canton. The longest a 32-yarder. Chargers take an 0-2

record up against Rich Barr's Chiefs, who are 1-1.

"The word is that this Canton team is the best ball club they have had over there," said Osterland. "We got to be ready for a tough fight."

Romulus cagers even cage record

Although they got off to a sluggish start against Ypsilanti in their season's opener, Romulus High's girls' basketball club rebounded to bury Ypsi Lincoln 46-28, evening up their record at 1-1 on the year.

Trailing Ypsi 28-15 at the half, the Eagles rallied behind Tina Talley, Colleen McKay and Donna McKay and caught the Braves before

"they ran out of gas" and dropped a 49-46 opener.

"We spotted Ypsi too big of a lead," said Ron Bayes, who began his fifth year as Romulus' head coach. "Even though we managed to make up the difference in the third period, we just ran out of gas."

Donna McKay tossed in six of her nine points during the third period spurt

while Tally and Colleen McKay finished with 11 and 10 points, respectively.

Romulus buried Lincoln 46-28 as the Eagles held their non-conference rivals to five points in the final period. Angie Morrison sank a game-high 15-points and the McKay sisters - Colleen and Donna - chipped in with 11 and 10, respectively. Sue

Omardu, a 6-3 senior, accounted for 12 blocked shots.

Comic convention to bring in the best

Comic books have become a big business during the past few years, but, even more surprising, the medium of comics has become recognized as art. Forget about Archie and Jughead, meet Cerebus, Nexus and the X-Men.

People of all ages and all walks of life are into the hobby of collecting comics, and for them, a show like the one coming to Ypsilanti this weekend is a dream come true.

The first "King Kon" comics and fantasy convention will be held from 10 a.m. until 4 p.m. Saturday at McKenney Union hall, at Eastern Michigan University.

Guests (more than 10 of them), including such luminaries as Bob McLeod, co-creator of X-Men spin-offs "The New Mutants" among other things, Dave "Cerebus" Sim and Bill Willingham. Events include a costume contest, art contest, writers workshop (where pros will examine your work — and this isn't limited to comic writing), a gaming room, a large dealer's room (You want a script of "Raiders of the Lost Ark?" You want official "Ghostbusters" T-shirts? If not, you probably won't spend much time in here), and what looks to be a very interesting event, a fan panel, where the pros interview you.

For further information call 326-8788.

One of the top winners at the recent Michigan State Fair was Doris Bubnes of Wayne, whose entries captured eight ribbons, including two blue ribbons. Bubnes, a member of the Golden Hour Club in Wayne, was recognized for her talents in knitting and ceramics. "This type of work is like therapy for me," explained Bubnes, who began knitting after World War II and has won 30 ribbons in the State Fair competition in the past four years. A quilt made by fellow worker at K-Mart (she retired in 1983) also took a second place at the fair.

Auditions to be held

Auditions will be held for the Theatre Guild of Livonia-Redford's first production of the new season, *The Club*, at 2 and 7:30 p.m. Sunday and at 7:30 p.m. next Tuesday at the Theatre Guild Playhouse.

A variety of acting, singing, and dancing roles are available for women in all age groups. One cast member will be selected for her singing and piano playing skills. Dancing skills will not be a high priority. Performances are scheduled throughout November and December 1 and 2.

The Theatre Guild Playhouse is located at 15138 Beech Daly Road just south of Five Mile Road in Redford. For more information call 464-6796 after 5 p.m.

Fashion workshops slated

A Fashion and Beauty Workshop will be offered this fall at Westland and Southland centers. The seven-week program is designed for women who want to enhance their appearance and gain self confidence, according to Charleen Lamphear, marketing coordinator for the two shopping centers.

The program will be conducted by the John Robert Powers School of Personal

Development and Modeling. Experts in makeup, visual poise, hairstyling, fashion, diet, exercise and wardrobe will conduct the workshops, according to Phyllis Popa, vice president of John Robert Powers.

The seven-week program will begin on Monday, Oct. 1, at Westland Center in Westland, and on Thursday, Oct. 4, at Southland Center in Taylor.

The workshops will begin at 7 p.m. and run for two hours with questions and answers at each session. Participants will receive complimentary grooming aids and a certificate of completion.

There is a \$25 workshop fee, which includes all supplies. Advance registration is necessary and may be made by calling Southland Center at 374-2801 or Westland Center at 425-5001.

Beth Jacobs, Rev. Calvin Long wed

Beth Ellen Jacobs and the Rev. Calvin Douglas Long were united in marriage June 16 at the First United Methodist Church of Wayne.

The bride is the daughter of Rev. Charles and Dorothy Jacobs of Wayne and the groom's parents are Mr. and Mrs. Lamar Long of Coleman, Mich.

Rev. Jim Jacobs, a brother

of the bride and pastor of Birch Run United Methodist Church in Birch Run, Mich., performed the opening of the wedding ceremony and gave the charge to the couple. Rev. Chuck Jacobs, also a brother of the bride and pastor of Novi United Methodist Church in Novi, Mich., offered the scripture readings and gave a wedding

meditation at the nuptial rites.

The bride's father, pastor of First Methodist for more than 15 years, heard the actual exchange of vows, the ring ceremony and offered a wedding prayer. He introduced the new Rev. and Mrs. Long to his congregation.

The church was decorated with Sonia roses and baby's breath in twin vases at the altar along with four candelabras, decorated with white satin bows and greenery.

Music at the ceremony was provided by Dr. and Mrs. Curtis Mathison who performed duets on the organ and piano. Dr. Mathison is the organist at the church. Janet Jacobs and Steven Hinkle, both members of the wedding party, performed vocal solos and duets.

For her wedding, the bride chose a white organza gown with a crystal pleat insert of chiffon at the center which draped from the empire waist to the floor. Her dress was accented with a sweetheart neckline and reimbroidered chantilly lace and seed pearls covering the bodice. Her long, puffed, sheer-chiffon sleeves ended in a cap sleeve overlay and an extended cuff of chantilly lace and seed pearls.

Her mantilla-styled veil was edged in chantilly lace and her cap with five appliques of lace in the crown at the back was accented with lace and seed pearls matching her gown.

She carried two dozen Sonia roses arranged in a cascade

bouquet complemented with baby's breath, greens and ribbon streamers. She chose a pearl necklace and pearl and diamond earrings to complete her ensemble and carried the lace handkerchief her mother had carried on her wedding day.

Acting as matron of honor at the service was Kaye Reinhart, of Adrian, Mich., the sister of the bride. She wore an evening-length gown of peach-colored qiana with a chiffon overlay. The dress was accented with chiffon tulip-capped sleeves, and a flowing skirt. She carried a presentation bouquet of two Sonia roses, baby's breath, greenery and white ribbon.

Bridesmaids included Janet Jacobs of Grand Ledge, Mich., a cousin of the bride, Diane Martin of Arcanum, Ohio and Lisa McCauley, of Philadelphia, Pa. They wore dresses identical in style to the one chosen by the matron of honor. They each carried a presentation bouquet of a single Sonia rose, baby's breath, greenery and white ribbon.

Kerri Lynn Reinhart, 3, a niece of the bride and daughter of the matron of honor, was the flower girl at the nuptials. She was dressed in a gown of peach-colored dotted swiss with a ruffled collar. Lace accented the edges of the short puffed sleeves and collar and her belt was of lace and ribbon, with a bow in the back. The evening-length dress was hand made by the mother of the bride for her granddaughter.

Jason Reinhart, 4, a nephew of the bride and the son of the matron of honor, performed the duties of ring bearer for the couple.

His grey tuxedo was identical to those worn by the groomsmen and he carried a pillow that had been hand made and cross stitched by the bride.

Assuming the duties of best man at the wedding was Rev. Lester Ruth of Nacagdoches, Texas. Ushers and groomsmen included Steven Hinkle of Wilmore, Ken., Rev. Thomas Carsner of Cedar Rapids, Iowa, and

Marvin Long of Mt. Pleasant, Mich., a brother of the groom.

For her daughter's wedding, Mrs. Jacobs chose a heather blue-colored, street-length dress with long, sheer sleeves. Her dress was accented with folded pleats at the center and featured a belted waist above a flowing skirt. The ruffled neckline was accented with a bow.

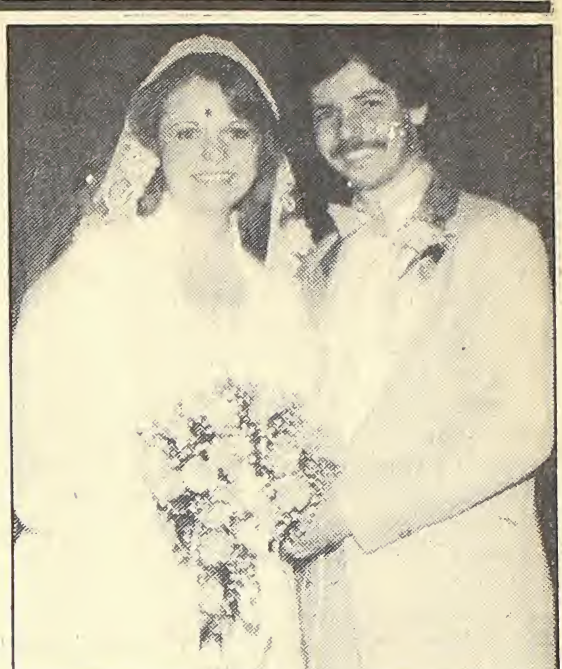

The mother of the groom selected a gown of light lavender colored chiffon with long sleeves, a belted waist and a button front. Her street-length dress was decorated with lace at the collar, on the sleeves and on the bodice.

Both Mrs. Jacobs and Mrs. Long wore corsages of white roses, baby's breath, greenery and satin ribbon.

Immediately following the exchange of their nuptial vows, the couple was honored at a buffet reception at the fellowship hall of the church.

Following a two-week motor trip through northern Michigan, Manitou Island, Toronto and Stratford, Canada, the couple became residents of Saginaw, Mich.

The bride is a 1975 graduate of John Glenn High School and a 1980 graduate of Asbury College in Wilmore, Ky., where she earned her bachelor of arts degree. She earned her master of arts and religion degree at Asbury Theological Seminary in Wilmore in 1983. She was on staff

Rev. and Mrs. Calvin Long

at Asbury from 1982 until May, 1984.

The groom is a 1976 graduate of Winnard College in Oskaloosa, Iowa where he earned his bachelors degree.

He is a 1980 graduate of Asbury Theological Seminary where he earned his master of

arts in religion. He is a 1983 graduate of Asbury Theological Seminary where he earned his master of divinity degree.

He is currently serving as associate minister at Ames United Methodist Church in Saginaw.

Mr. and Mrs. Robert Hutcherson

Hutcherson-Mason exchange vows

Evelyn Mason and Robert Hutcherson were united in marriage in a candlelight outdoor ceremony Aug. 25.

Rev. E. Hosea of Keystone Baptist Church in Carson, Cal. officiated at the outdoor service which took place in the garden of the home of the groom's sister, Mary Zwingman of Torrance, Cal.

The bride was given in mar-

riage by her son, Norman Mason of San Francisco, Cal. She chose a beige lace dress and carried a bouquet of pink and white roses for her wedding.

Edward Hutcherson acted as best man for his brother and Lois Hutcherson served as matron-of-honor for her brother-in-law and his bride.

Matthew Hutcherson, 8, a

nephew of the groom, was the ring-bearer at the nuptials.

Immediately following the exchange of their marital vows, the newlyweds were feted at a reception for more than 50 friends and relatives.

After a honeymoon cruise aboard the S.S. Azure Seas, the couple returned to Wayne where they will now reside.

Diane Rogelle goes to Washington

By TOM MOORADIAN
ANP Staff Writer

Diana Rogalle's letter began ... "I am writing to express my interest in becoming a congressional page and I would greatly appreciate your recommendation for placement with my congressman."

Recently, the pretty 16-year-old New Boston resident's dream came true. She boarded a plane that took her to Washington, D.C., where she will serve as a congressional page.

Diana's letter was addressed to Congressman William D. Ford (D-15th District), and her words convinced the congressman that she should get her chance.

Diana's mother was "very excited about the whole thing," but quickly confessed that she is also "nervous, after all, she is my baby."

Diana has always had an interest in politics and requesting to be a page was natural, Diana's mother relates.

"This is her first venture to Washington, D.C., without us," said Mrs. Rogalle, "and, this being a Presidential Election year and an inauguration, it's something that doesn't happen to everyone."

Diana is enrolled in Ann Arbor's Greenhills School where she would be a junior this fall. In her letter to Congressman Ford she stressed:

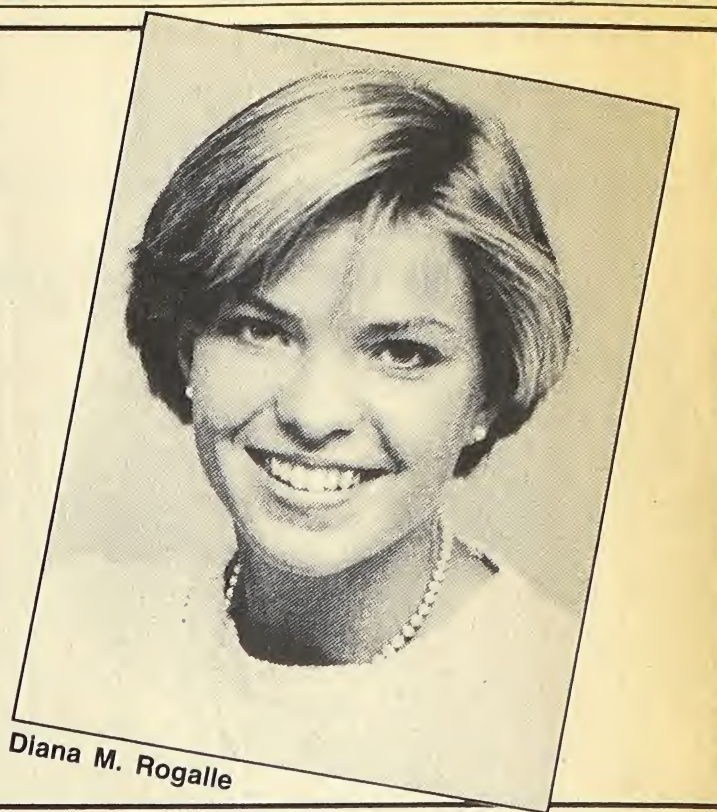

"I would like to become a congressional page because I think the experience would be invaluable. It would be a wonderful opportunity to learn about our legislative system. I realize, I believe, that it is a tremendous amount of work and that the tasks I would be doing require dedication and self-discipline."

An honors student whose extra-curricular activities include membership in the school's French and German clubs, contributing editor to the school newspaper, a member of the yearbook photography staff, Diana is also an outstanding tennis player who reached the state semi-finals in second

singles last year. Diana is the youngest of three sisters.

"The activity that I am most proud of is, being one of two students selected from the student body to help faculty members organize a new school service program to be implemented during the 1984-85 school year. I learned while working on this committee that each member has their own idea of the best way to accomplish the goal," the 5 feet, 7 inch, blue-eyed, sandy-hair Diana wrote.

And, may we add, Diana will probably soon discover that each congressman has his or her own ideas on solving the nation's problems.

around romulus

Move over, Steven Spielberg!

No, they aren't "going Hollywood." That portable television and video camera and video cassette player/recorder over at the Romulus Police Station are for training, not for taping episodes of "Late Night with David Letterman" or recording their own version of "Prince of the City."

The equipment will be used to show training tapes to officers, so that short training and re-training sessions can be held without the officers leaving the city.

Ace in the hole

John Lemanski Jr., of Romulus, bagged himself a rare hole-in-one during the Romulus Men's Golf League outing at Giant Oak Golf Course, which was held in Temperence last week. He used a 5½ wood to ace the 164-yard 17th hole.

Huron VFW party

The Carleton VFW Post 4093 will be having a Steak Fry, beginning at 5 p.m. on Saturday, Sept. 22. The hall is located at I-275 and Carleton, in Rockwood. Tickets will be available at the door. For more information call 587-3358.

Moravcik to direct engineering

Frank R. Moravcik has been named director of engineering at Dearborn Manufacturing systems, Romulus, in charge of all phases of engineering and proposals for the company's standard and special machine tools, as well as full-scale felexible manufacturing systems.

Before joining Dearborn, Moravcik served as manager of manufacturing assembly at the Cross Company, in Warren.

From 1978-1984, he was manager of engineering and project manager at the Bendix Corporation in Madison Heights and Warren. He also has been employed by LaSalle Machine Tool Inc., Warren, serving as senior project engineer for seven years, and held a variety of other engineering and design positions at Place Machine Corp. and F. Joseph Lamb Co., both located in Warren at that time, and at Ex-Cello Corp.'s Detroit facility.

Dearborn Manufacturing Systems designs and builds horizontal and verticle machining cen-

ters for the autobobile, aircraft and off-highway equipment manufacturing industries.

Council OK's subsidized housing

The Romulus City Council recently unanimously approved 50 new Section B housing subsidies for Morgan Manor Apartments, apparently against the wishes of Mayor Beverly McAnally, who has expressed the opinion that the city doesn't need anymore.

"The city has historically assumed the posture of having sufficient (low-income housing) to satisfy the needs of Romulus residents," McAnally stated.

In Romulus, any proposed development for subsidies has to have special approval from council.

Fringe benefits approved

The second reading allowing for an additional \$7,318 to be added to the Police Department budget took place at last week's council meeting.

The money was transferred from the Fund Balance to the police fund to allow for the full fringe benefits to be received by Romulus Police Inspector John Lewis, who was appointed to the position following the death of the previous inspector, Robert Sullivan.

Council OK's McGuire

At a special meeting held Monday night, the city council concurred with the recommendation of Mayor Beverly McAnally to appoint Donovan McGuire as a temporary fill-in as the city's finance director.

Donavon, who has a private business in Monroe, is familiar with the Romulus system. He will be working a maximum of 20 hours a week "until December, at the latest," said McAnally.

The finance director's position was left vacant when Patsy Cantrell left to accept a position in Farmington. Friday was her last day.

Charlie Ball dead at 79

Longtime Romulus resident Charles Ball passed away last Saturday from an apparent heart attack. According to his good friend, Jimmie Raspberry, Ball was "well-known and well liked by nearly everyone in the community, and not just Romulus, but Wayne, Sumpter and other places."

"Charlie hauled gravel, and

whenever a church or organization needed some for parking lots or whatever, he'd always donate it.

"He was just one of those people that everybody liked and respected, and his sense of humor was unmatched," says Raspberry. "He'll be dearly

missed."

Funeral arrangements were not available at presstime.

And few shall reap . .

Romulus Flyers ready for season

More than 140 youngsters, ages 9 through 13, have been practicing their plays and brushing up on their pompom cheers.

They comprise the Romulus Flyers football team, sponsored by the Romulus Athletic Club.

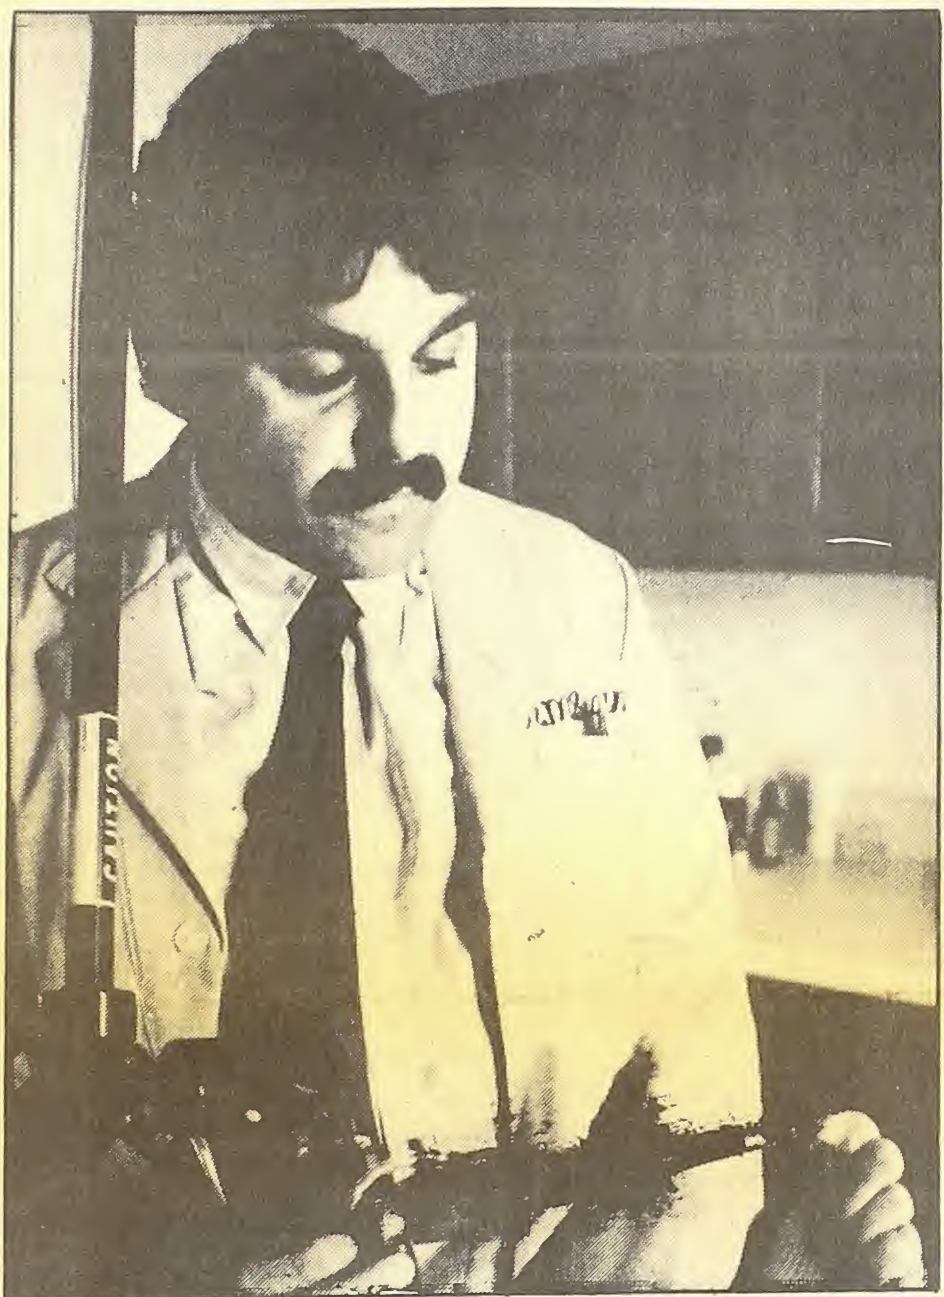

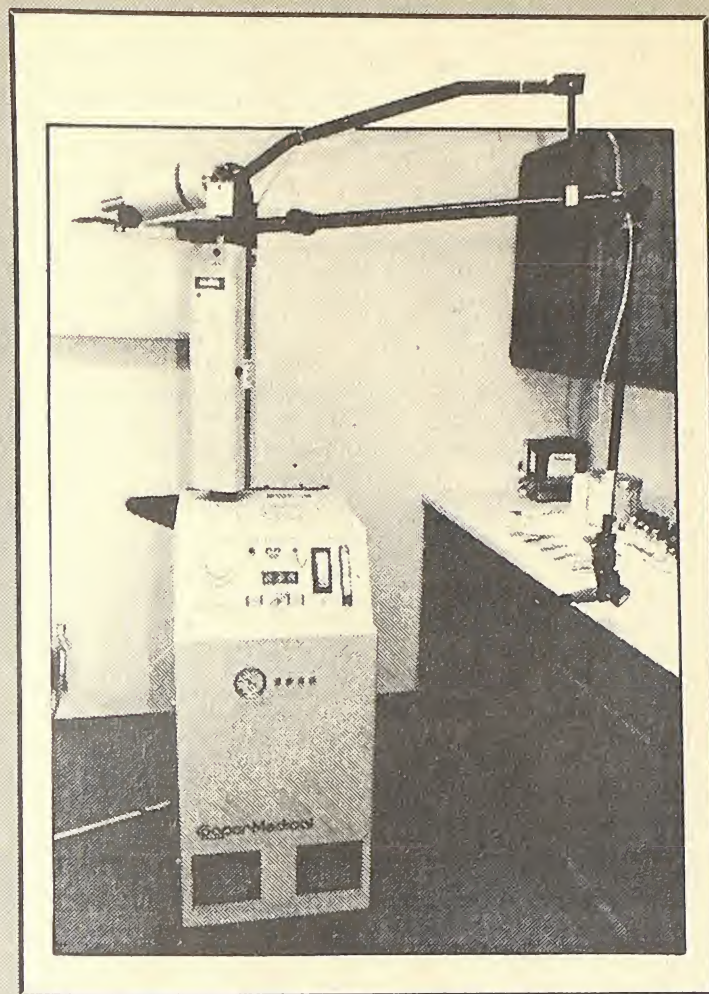

The teams' season began last week and they're now preparing for an away game against the South Lyon Panthers on Sunday. The flyers field a freshman team (9 and 10 years of age), coached by Bill Hardrick, a junior varsity team (11 and 12 years) coached by Jim Miloser, and a varsity team (12 and 13 years) coached by Don Bosley.

Upcoming games for the teams include the Homecoming game on Sept. 29 against the Ypsilanti Braves, followed by an Oct. 6 home game against the Ann Arbor Packers. On Oct. 14, they will be in Westland, playing the Westland Comets, away on Oct. 21 the Plymouth-Canton Lions, at home on Oct. 27 against the Ann Arbor Wolverines and away on Nov. 4 against the Belleville Cougars.

The Flyers play their home games under the lights at North Junior High School on Wick Road in Romulus. Home games start at 5 p.m., with the exception of the 4 p.m. game time for the Sept. 29 Homecoming.

Away games are played at 1 p.m.

Laser Beam Surgery

Laser beam surgery is a new and improved modality for the treatment of conventional foot ailments. Laser beam surgery has proven to be safe and effective in the allied medical fields such as ophthalmology, gynecology and now, podiatry.

Foot Problems Solved by Laser Light

In Podiatry, a considerable variety of foot ailments can be treated with the laser

**SOME OF THE CONDITIONS
NOW SUCCESSFULLY
BEING TREATED BY LASERS**

INGROWN NAILS

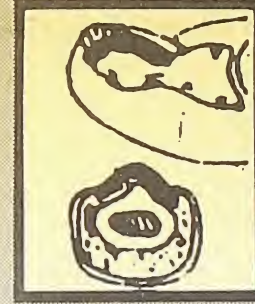

The corner of the nail and root is vaporized which is the cause of the problem.

WARTS

Laser beam is used to evaporate instead of cutting the wart, thus eliminating growth and recurrence.

FUNGUS NAILS

Normally a painful operation with cutting the laser vaporizes the nail which is quicker and less painful. It also sterilizes and destroys the fungus.

PLANTERS CORNS

With this process deep seated corns on the bottom of the foot are vaporized.

WHAT IS LASER PODIATRY?

The surgical laser effectively removes unwanted tissue due to the energy emitted by the laser beam and works by absorbing the water tissue. The major difference in laser podiatry and conventional surgery is that normal cutting is sometimes not necessary.

LASER PODIATRY NOW AVAILABLE

We are one of a few physicians to incorporate this new medical treatment, which can help eliminate fear of conventional surgery.

ROMULUS

Paul R. Kurtzhals, son of William W. and Judith A. Kurtzhals of Prescott, Romulus, has completed training in fundamental military skills at the Army ROTC basic camp at Fort Knox, Ky.

The basic camp is designed to give junior college graduates and college sophomores who have not taken ROTC courses the chance to enter the program. The camp also qualifies high school graduates for the ROTC program at any of the nation's six military junior colleges.

During the encampment, cadets received training in basic rifle marksmanship, military drill and ceremonies, communications and individual and small unit tactics.

Kurtzhals plans to enter the ROTC program at Alma College.

BELLEVILLE

Army Reserve Pfc. David D. Teague, son of Gilbert W. and Ruth A. Teague of Judd Road, Belleville, has completed one station unit training (OSUT) at the U.S. Army Infantry School, Fort Benning, Ga.

OSUT is a 12-week

period which combines basic combat training and advanced individual training.

The training included weapons qualifications, squad tactics, patrolling, landmine warfare, field communications and combat operations. Completion of this course qualifies the soldier as a light weapons infantryman and as an indirect-fire crewman.

Soldiers were taught to perform any of the duties in a rifle or mortar squad.

He is a 1981 graduate of New Boston

Huron High School, New Boston.

Doris J. Sirhan, the daughter of Fred and Mary Sirhan of Riggs, Belleville, has entered the United States Air Force's Delayed Enlistment Program (DEP). According to Sgt. David Claytor, Air Force recruiter, Ms. Sirhan's entry into the DEP allows the Air Force to schedule an opening for her to attend basic training and be assigned to a job or skill area.

Ms. Sirhan is a 1979 graduate of Romulus High School and will enter the Regular Air

Force on Oct. 16. Following graduation from six-week basic training course at Lackland Air Force Base, Texas, she will receive technical training as a medical service specialist and be assigned to an Air Force duty station.

NEW BOSTON

Airman John E. Dutton, son of Glenn G. and Mary A. Dutton of West Road, New Boston, has completed Air Force basic training at Lackland Air Force Base, Texas.

During the six weeks at Lackland, the airman studied

the Air Force mission, organization and customs and received special training in human relations.

The airman will now begin on-the-job training in the transportation field at Eglin Air Force Base, Fla.

He is a 1984 graduate of Huron High School, New Boston.

CARLETON

Tech. Sgt. Carl Keller Jr., son of Carland Sally K. Keller of Jones Street, Carleton, has been decorated with the second award of the Air Force Commendation

Medal at Plattsburgh Air Force Base, N.Y.

The Air Force Commendation Medal is awarded to those individuals who demonstrate outstanding

achievement or meritorious service in the performance of their duties on behalf of the Air Force.

Keller is a fuels supervisor with the 380th Supply Squadron. The sergeant is a 1969 graduate of Airport High School, Carleton.

Completes training

Airman Brian L. Merrow, son of Robert H. and Barbara A. Merrow of 14434 Grafton Road, has completed Air Force basic training at Lackland Air Force Base, Texas.

The airman, who is remaining at Lackland for specialized training in the security police field, studied the Air Force Mission, organization and customs and received instructions in human relations. He is a 1983 graduate of Taylor Center Baptist Academy.

Van Buren Garden Club holds meeting

The Van Buren Garden Club met at the home of Mrs. Walter Molik for a business meeting and sack lunch. The afternoon was spent visiting Sandy Hicks' herb garden, where the club learned about the various varieties of herbs, uses as food, medicine and something of their history.

The white flowering edelweiss, an alpine herb comes from Germany. The samphire, which is a low-growing, slat-loving herb, comes from Italy, and England has also contributed herbs to this country.

Creeping thyme is fragrant, was known 3,500 years ago, used as a fumigant and also for perfumery.

The plant borage — stands for courage — is used medicinally, and the flowers may be eaten.

Marshmallow, a plant with soft downy gray-green leaves, and flowers of a light rose color is used medicinally as an expectorant for pills, decoction for inflammation of mucous membranes as in coughs, colds and bronchial trouble. Industrially, the liquid from the root is a base for commercial mucilage. The flower and leaf may be used medicinally in poultices.

Meadowsweet has two varieties, Dropwort and Queen-of-the-Meadow, truly herbs which have medicinal value. They also are useful for flower arrangements. Medicinally, Dropwort is used as infusion for colds, gives a delicate flavor to soup, and the root is used industrially for tannic acid, also used in tanning.

Queen-of-the-Meadow is medicinally used in diarrhea. The oil of both plants is similar to oil of wintergreen, and in the form of a decoction are used as a diuretic and tonic.

There is lemon balm, lemon verbena, mint, anise, which smells like licorice, chervil, oregano, rue, sage, sweet marjoram, comfrey, which is medicinal, and feverfew, which England has used for years to bring down fever. It can cure migraine headaches, and England will tabletize it for medicine.

The Van Buren Garden Clubs next meeting will be a naturalist guided color tour and lecture at Kensington Park.

4-Hers collect honors

Several Wayne County 4-Hers received awards at the 1984 Michigan 4-H Horse Show, held Aug. 16 at Michigan State University.

Maryann Ovellette of Westland was

awarded a Grand Champion Overall in Grade Horse Pleasure, a gold in Western Pleasure, a silver in Stock Seat Equitation, Western and English Riding and Bareback Equitation, and a seventh in Fitting and Show; and Beth Herring of Belleville earned a sixth in Western and English Riding and a seventh in English Pleasure and Bareback Equitation.

According to Connie Testorelli, Wayne County 4-H Program Assistant, the purpose of the annual event is to give 4-H horse project members an opportunity to evaluate their horsemanship skills by competing against other youths from across the state with similar interests.

This year's event included 248 classes ranging from Western and English Riding and dressage to costume, trail and gymkhana events.

She's an All-American acadamiian

Denise Szpotek has been named an Academic All-American by the National Secondary Education

Council.

Szpotek, who attends Aquinas High School, was nominated for the national award by her high school counselor. As the result of her selection, she will appear in the Academic All-American which is published nationally.

The NSEF has established the Academic All-American Scholar Award in order to offer deserved recognition to superior students, who excel in the academic disciplines. The nominees must earn a 3.3 grade point average or better.

Szpotek is the daughter of Marvin Szpotek and Mrs. Alden M. Porter. Her grandparents are Mr. and Mrs. J. Imielowski of Port Richey, Florida, and Mrs. V. Szpotek of Warren.

Deadline is Nov. 1

Congressman William D. Ford (D-15th District) has

announced Nov. 1, 1984, as his deadline for accepting applications for nomination to one of the United States Service Academies from qualified young men and women of the 15th Congressional District.

Application forms and full information may be obtained by writing Congressman Ford at 3716 Newberry, Wayne 48184.

Nominations will be available for the class entering in June 1985 to the Military, Naval, Air Force and Merchant Marines Academies. Applicants must be at least 17 years old, but not have reached the age of 22 by July 1985. They must be United States citizens, not married, and legal residents of the 15th District.

"In addition to these basic requirements, my nominations are based upon a strong academic record, SAT, and/or ACT scores, extra-

curricular activities, and the recommendations of principals, counselors, high school teachers and coaches," Congressman Ford said.

Once nominated, all nominees must pass competitive examinations given by the various Academies. Those selected for admission will be notified of their appointment and will report to the Academy in June 1985.

YW hosts Chicago weekend

A weekend in Chicago for those with a penchant to see the "Windy City" is being sponsored by the YWCA of Western Wayne County Oct. 12-14.

The self-directed holiday allows each person the opportunity of choosing activi-

ties their own pace with no cumbersome touring schedule.

The fee of \$137 per person includes transportation by Amtrack from Dearborn to downtown Chicago, two nights double occupancy at the Continental Hotel (incidental tips included). The hotel is situated on the Magnificent Mile, four blocks from the Water Tower Place and Hancock Center. I. Magnum, Gucci, Tiffany and Saks Fifth Avenue shops are nearby as well as live theater, dining and plenty of nightlife. There also are special shows at the Chicago Museum of Art and the Museum of Science and Industry.

To reserve a spot on the trip a \$50 deposit is required.

The YWCA Travel Days are planned especially for mem-

bers of the organization. Basic membership is \$10 annually.

For information and reservations contact the YWCA at 561-4110.

The meeting was called to order at 8:03 p.m. by President Fowler. The minutes of the regular meeting of July 9, 1984 and special meetings of July 16 and July 30, 1984 were reviewed. Motion by Dolores Temple, supported by Jere Dolph, that the minutes be approved as printed. Motion carried unanimously.

The financial reports for the month were reviewed. Motion by Dolores Temple, supported by Antoinette Schiesler, that the financial reports be approved as printed. Motion carried unanimously.

The bills for the month of July were reviewed. Motion by Dolores Temple, supported by Antoinette Schiesler, that the bills be paid as presented. Motion carried unanimously.

Motion by Dolores Temple, supported by Jere Dolph, that the following teachers' requests for leave of absence be approved: Judith Nelson with last day of work being September 14, 1984 and return date of January 21, 1985; N. Kathleen Thueme with last day of work being June 14, 1984 and return date of September, 1985; and Holly Suttman (currently on a voluntary leave) with a return date of September, 1985. Motion carried unanimously.

Motion by Dolores Temple, supported by Jere Dolph, that the following teachers be hired for the 1984-85 School Year beginning August 29, 1984: Jennifer Dudick (North - Special Education), Linda Pike (High School - Special Education), and Nicholas Kussy (High School - Electronics) working only three hours per school day. Motion carried unanimously. Motion by Cathy Horste, supported by Antoinette Schiesler, that the following teachers be granted requests for termination: Ann Furtwangler effective June 12, 1983; Margaret Landis effective June 14, 1984; and Jan Doran effective June 14, 1984. Motion carried unanimously.

Motion by Jere Dolph, supported by Dolores Temple, that the following pink slipped teachers be returned for the 1984-85 School Year beginning August 29, 1984: Bruce Greene (North) and Demetrios VanPelt (North/South). Motion carried unanimously.

Motion by Dolores Temple, supported by Jere Dolph, that the request for retirement at the end of the 1984-85 school year be granted to IMC Supervisor Phyllis Kaulitz. Motion carried unanimously.

Discussion was held regarding the Outdoor Education Program for the 1984-85 school year. Douglas Brown stated that the penalty charge to the school district if the cancelled dates are left unfilled would amount to \$630 per each day unfilled or could total \$12,600 if centers remain unfilled for total time requested. Motion by Antoinette Schiesler, supported by Robert Fowler, to set the date for this year and start planning for camp for the 1985-86 school year and notify Camp Storers we will not be using the camp this year. Motion carried unanimously.

A brief discussion was held on the two proposals received for the lease of Quirk School. One was from Sunshine Investments, Inc. and the other from the Van Buren/Belleville Senior Citizens. Motion by Dolores Temple, supported by Antoinette Schiesler, that the lease of Quirk Elementary School be referred to the Buildings and Grounds Committee for study. Motion carried unanimously.

Discussion was held regarding the appointment of North Middle School Assistant Principal. Dr. Kay Baughman was present and asked if second interviews were going to be granted and what selection criteria were used to choose the top candidate. Motion by Dolores Temple, supported by Cathy Horste, that Kay Baughman be given the position at the middle school with 25 years experience. No action. Dolores Temple rescinded her motion. Motion by Antoinette Schiesler, supported by Dolores Temple, that the Board examine the credentials of the twelve candidates that the administrators selected from the group of candidates, they receive copies of the job description and selection criteria so Board has some input in process. Ayes: Horste, Schiesler and Temple. Nays: Fowler and Dolph. Motion failed. Motion by Antoinette Schiesler, supported by Dolores Temple, to refer matter of North Middle School Assistant Principal vacancy to Personnel Committee for further consideration. Ayes: Horste, Fowler, Temple, and Schiesler. Nays: Dolph. Motion carried.

The second draft of the Pay to Play policy was submitted for approval along with a proposed scholarship application. It was suggested that the word "anonymous" be added to Section 11.A (...shall provide anonymous participation scholarships for hardship cases). Motion by Dolores Temple, supported by Cathy Horste, to approve the athletic pay system as amended. Motion carried unanimously.

Members of the CAC were present and requested that the Board go ahead with millage on October 2, 1984. Motion by Dolores Temple, supported by Jere Dolph, that 6.5 mills be put on the October 2, 1984 ballot. Motion carried unanimously.

Motion by Dolores Temple, supported by Jere Dolph, to adopt a resolution that it is the Board's intent to restore all K-12 programs to the 1980-81

level if the millage passes. Motion carried unanimously. Motion by Dolores Temple, supported by Antoinette Schiesler, that the 6.5 mills be for three (3) years. Motion carried unanimously.

Wording for the ballot proposal was discussed. Motion by Robert Fowler, supported by Dolores Temple, that the language prepared by the attorney be used with exception of changing five (5) years to three (3) years and years accordingly reading "...be increased by 6.5 mills (\$6.50 on each \$1,000.00) of the state equalized valuation of all property in the school district for a period of three (3) years, namely, 1984-86, both inclusive, the funds to be used for the purposes of general school operation." Motion carried unanimously.

Motion by Antoinette Schiesler, supported by Cathy Horste, that the non resident student tuition rates for the 1984-85 school year be \$507 for elementary and \$592 for secondary. Motion carried unanimously.

Fred Stoyenoff, driver education instructor, asked that the Board review the policy of hiring driver education instructors. He feels that priority should be given to those who live in the school district. President Fowler assured him that the Board would review policy.

Motion by Dolores Temple, supported by Antoinette Schiesler, that the meeting be adjourned. Motion carried unanimously. Meeting adjourned at 11:00 p.m.
